Note: *This is a regional agreement. Some classes and some concurrent enrollment agreements may not be available in your particular high school. See your individual school for specific program offering.* ***Note: *= concurrent ^= distant***

Note: *Requirements may change year-to-year. It is the student's responsibility to verify information by consulting with an SLCC department advisor.*

Note*: It is essential that students, while in high school, take as much mathematics, chemistry, physics and English as possible.*

Note*: This is designed to be a transfer degree to a university. Additional upper-division General Education courses will be required at the receiving institution. Regarding transferring from SLCC to a university program, students should consult with academic advisors at both institutions.*
